Dear Fellow Cambodian Expatriates:

Cambodian Americans for Human Rights and Democracy (CAHRAD) believes basic human rights and fundamental freedom are fast deteriorating in Cambodia. This crisis situation requires immediate and concrete response.

We are petitioning to leaders of the free world to intervene including President of the United States, Leaders of United States Senate and Congress, Canadian Prime Minister and Leaders of the Canadian Parliament, United Nations Secretary General as well as Signatories of the "1991 Paris Peace Agreement" for Cambodia.

We are appealing to all Cambodian expatriates to join us in this petition by collecting and submitting the petition form to CAHRAD.

Cambodia, as a democracy, is moving in the wrong direction. It is currently ruled as if by a dictator who has been in power for more than 30 years. Cambodia can regain democratic foothold, but it needs the respect for human rights and fundamental freedom assured by the "1991 Paris Peace Agreement".

Thank you,

*Tung K. Yap*
